### Notes

- In Year 2 (full-time) or Years 3 and 4 (part-time), students undertake three supervised clinical placements and complete a research thesis on a topic relevant to the discipline of educational and developmental psychology.
- On commencing the course and prior to commencing their placement, students must obtain provisional registration with the [Psychology Board of Australia](#). This registration must be maintained for the duration of the course.
- Placement activities are undertaken in Year 1 (full-time) or Years 1 and 2 (part-time) in conjunction with coursework units. Students commence a log of placement activities from Year 1 and accumulated hours are resulted when enrolled in EDF6507 in second semester of Year 1 (full-time) or Year 2 (part-time).
- Some days and hours may be transferred between the three clinical placement units with the permission of the placement coordinator.
