Welcome to the June edition of Monash Update. Monash University is continuing to follow the Australian Government’s advice aimed at slowing the spread of COVID-19, and will continue to reassess all of our immediate activations and events. This month’s Monash Update provides the most up-to-date information on upcoming events and programs.

The Domestic Student Recruitment team will remain accessible to schools to provide counselling via phone, email and virtual options where appropriate. We’ll also maintain contact with our faculty colleagues for follow up if the need arises, and we’re exploring the option of developing online resources to support the counselling of your students during this time.

For Monash’s position regarding COVID-19 please refer to our dedicated website and regularly updated online fact sheet.

Kind regards,
Domestic Student Recruitment team

**KEY DATES**

- **Indigenous Winter Camp**  
  > 6 July
- **Resources Engineering Information Session**  
  > 30 July
- **Conquering Code Workshop for Girls**  
  > 10 July
- **Monash Information Evening**  
  > 11 August

**GENERAL UPDATE**

---

**MONASH INFORMATION EVENINGS - WEBINARS**

Monash Information Evenings are the perfect opportunity to have your questions answered on everything you wanted to know about undergraduate study at Monash.

These events will now be run as webinars until the end of August.

Register to attend a date that’s convenient for you to hear about:
- Monash courses
- How to apply and access schemes
- Student life
- Accommodation options

‘Find out more’

---

**MID-YEAR ENTRY**

Applications are now open for mid-year entry at Monash.

There are a significant number of undergraduate CSP and graduate courses available for mid-year entry.
INSIDE MONASH
Get the inside story on what it’s really like to study at Monash.

Over the coming months you’ll have the opportunity to hear from current students, past students, and academics from all ten faculties.

You’ll find out about course information, entry schemes, scholarships, accommodation and so much more!

Key dates for our exciting July and August webinars will be released soon. You’ll be able to find the updates via the link below as well as some recordings of previous sessions.

STUDENT RECRUITMENT YOUTUBE CHANNEL
We have set up a specific YouTube channel for Career Practitioners. This channel hosts content that we would normally deliver face-to-face, to support you with any counselling for your students.

New faculty and recruitment content will be added to the channel as it becomes available.

ONE-ON-ONE APPOINTMENTS VIA CALENDLY
We are now offering several opportunities for your students to book a one-on-one chat with a Monash course adviser.

Several faculties are offering appointment times:

- Monash Business School
- Faculty of Art, Design and Architecture
- Faculty of Arts
- Faculty of Education
- Faculty of Engineering
- Faculty of Information Technology
- Faculty of Medicine, Nursing and Health Sciences
- Faculty of Pharmacy and Pharmaceutical Sciences
- Faculty of Science
- William Cooper Institute
- Domestic Student Recruitment (for general appointments)

And don't forget to regularly check in on the Destination Monash hub for other updates and as a way to stay in touch.
NEW DISCIPLINE FOCUSED MONASH INFORMATION EVENINGS

Three new Monash Information Evening webinars will shortly be announced. Hear from faculty staff with more in-depth information about study areas alongside general Monash information.

21 July - Science, Technology, Engineering and Mathematics (STEM)

Faculties:
- Art, Design and Architecture
- Business
- Education
- Engineering
- IT
- Science
- Pharmacy and Pharmaceutical Sciences

28 July - Health

Faculties:
- Medicine, Nursing and Health Sciences
- Pharmacy and Pharmaceutical Sciences

4 August - Humanities, Arts and Social Sciences (HASS)

Faculties:
- Arts
- Education
- Law

Registrations for these discipline focused webinars will be available soon via the Monash Information Evenings website. Please continue to check this website for the most up-to-date information.

PUBLICATIONS ONLINE

Our publications website has been updated with most university and faculty course guides for 2021 entry, as well as the Year 10, SEAS and Monash Guarantee and Pathways guides.

Several faculties have not produced hard copies of their guides at this point in time so access to faculty guides will predominantly be in digital format.

Many of our faculties have converted their course guides to a digital format making them much more user friendly. You can also order our publications via BPO.
ENGINEERING

RESOURCES ENGINEERING INFORMATION SESSION
Natural resources: minerals, metals and energy, are vital to modern life and are a cornerstone of Australia’s economy.

Are you passionate about ensuring we will have the resources we need for our future industry and society? Then Monash Resources Engineering, ranked in the top 10 worldwide for both Mining and Renewable Energy*, could be for you.

Join us for an online presentation to learn more about this exciting field and its many career opportunities on Thursday 30 July from 5-6pm AEST.

*Academic Ranking of World Universities 2020

MEET THE CHANGE MAKERS
While an engineering degree can take students in many directions and result in a broad range of career outcomes, one thing our students have in common is a commitment to making a better future.

We’ve gathered together some stories of our entrepreneurs, leaders and innovators in Change Makers – a collection of stories and profiles.

MEDICINE, NURSING AND HEALTH SCIENCES

THE NITTY GRITTY OF APPLYING FOR MEDICINE AND HEALTH SCIENCES
How do you navigate the entry requirements for medicine, nursing, allied health and health sciences courses? It can be challenging for any student, especially those in rural and regional schools.

With regional open days cancelled this year, Monash Rural Health and the admissions team of the Faculty of Medicine, Nursing and Health Sciences have turned the presentations they’d usually give at our regional open days into videos.

Now you can step any student through the process!
SCIENCE

YOUR ESSENTIAL GUIDE TO MONASH SCIENCE
Explore everything about Monash Science with our new Essential Guide website.

This all-inclusive platform provides:

- Information on every course
- Special consideration programs
- The subject adjustment ‘bonus’
- Pathways
- Future events
- Industry placements
- Study abroad experiences

PHARMACY AND PHARMACEUTICAL SCIENCES

FUNCTIONAL GROUPS LIVE WORKSHOP FOR YEAR 12 CHEMISTRY STUDENTS
On Wednesday 8 July from 10.30am - 12pm AEST, the faculty will be holding a live online workshop for students studying Year 12 Chemistry.

Aligned with the modified curriculum, students will apply their understanding of different functional groups to the context of medicines, including using the example of SARS-CoV-2.

As an extension activity, students will briefly learn about the concept of Chirality, which is fundamental to the study of pharmacy and pharmaceutical science as well as all other science-based university degrees.

This workshop is particularly suitable for students who want to extend their knowledge beyond the modified curriculum and intend to study a science-based university degree.

There are limited places available, so we encourage students to register as soon as possible.

Register now

EDUCATION

DOUBLE DEGREES IN EDUCATION AND PATHWAY
Recent Education & Science graduate, Jesse Chambers, is now a STEM teacher at Western Port Secondary College.
He enjoyed tailoring his double degree to pursue both Education and Science. Students can combine Education with Arts, Business, Fine Art, Music or Science and graduate in four years with many career options.

If students don’t achieve their desired ATAR, the Diploma of Higher Education is an excellent pathway and offers up to one year of credit into these double degree courses.

Watch Jesse’s inspiring story below!

WILLIAM COOPER INSTITUTE

INDIGENOUS WINTER CAMP

Indigenous Winter Camp is coming to a screen near you!

The Indigenous Winter Camp aims to provide Aboriginal and/or Torres Strait Islander students from year 10 - 12 with an in-depth insight into university life, while focusing on team-building, meeting new people, culture, confidence building and health and wellbeing.

We are now running a virtual three-part Winter Camp series:

- Monday 6 July
- Thursday 9 July
- Monday 13 July

If you have any questions, contact Allira Jones, Indigenous Student Recruitment Coordinator.

INFORMATION TECHNOLOGY

LEARN KEY CODING SKILLS THESE SCHOOL HOLIDAYS

With school holidays just about to start, now is the perfect time to register for our Conquering Code workshops – brought to you by Monash IT and Code Like a Girl.

Open to girls in years 10 and 11, the program is a great opportunity to explore this specialist area, gain in-demand coding skills and discover more about the exciting, rapidly-growing pathways in IT. Hear from inspirational women in the field, as well as current Monash IT students and peers from Code Like a Girl.

So if you know a girl who’s interested in coding, encourage them to register now!
