

The Hidden Treasure: Ibn Arabi Seminars

This monthly seminar series introduces the medieval sage Ibn Arabi (d.1240), and his relevance to the contemporary world. The seminar series is organised by the Ibn Arabi Initiative ([IAI](#)) at Monash University, and it meets online on the first Saturday of every month.

The seminars are composed of a 30-minutes presentation by the speaker followed by a 30-minutes question & answer session with the audience. Only the talk delivered by the presenter is recorded, to be publicized in the IAI webpage, and the question & answer session is not recorded or made available.
