Monash Nursing and Midwifery

One of the largest schools for the education of nurses and midwives in Australia, MNM offers courses at two Monash campuses – Clayton and Peninsula.

Ranked 14th in the QS world rankings MNM has a proven reputation in the quality of its teaching and research and has played a leadership role in shaping and providing for the education needs of the nursing profession and health industry. Further details may be found at: http://www.med.monash.edu.au/nursing/.

POSITION PURPOSE and KEY RESPONSIBILITIES

The nurse educator will be part of a team that provides practical infection prevention education sessions in relation to coronavirus (COVID-19) for Victorian residential aged care facility (RACF) staff. Nurse educators should have up to date knowledge of infection prevention and control practices, including application of personal protective equipment (PPE), along with knowledge of current government recommendations related to coronavirus (COVID-19) for health professionals.

Education sessions are held face to face in either the RACF or off site in a suitable venue and conducted across both metropolitan Melbourne and regional Victoria. Nurse educators will be required to conduct education sessions within either Melbourne or Regional Victoria, depending on where they reside.

The nurse educator will provide education sessions in dedicated teams of two and work in close collaboration with the Monash University PPE Project Training Coordinator to implement education according to current coronavirus (COVID-19) recommendations.

Reporting Line: The position reports PPE Project Training Coordinator

KEY SELECTION CRITERIA

Education/Qualifications

1. The appointee will be:

    - A Registered Nurse with current nursing registration with the Australian Health Professional Regulation Agency (APRHA).

Knowledge and Skills

2. Demonstrated current knowledge related to infection prevention and control principles and coronavirus (COVID-19) recommendations.

3. Possess a high-level of interpersonal skills and demonstrated ability to work independently and as part of a team across both the education and residential aged care sectors.

4. Ability to actively engage and educate participants from diverse educational backgrounds and levels of experience.

5. Demonstrated record of clinical expertise and practice experience in a health care setting

6. A demonstrated capacity to work in a collegiate manner with other staff in the workplace.

Desirable

7. Experience as a nurse educator.

OTHER JOB RELATED INFORMATION

- Travel within Melbourne or regional Victoria
