

Course progression map for 2023 commencing students

This progression map provides advice on the suitable sequencing of units and guidance on how to plan unit enrolment for each semester of study. It does not substitute for the list of required units as described in the course 'Requirements' section of the Handbook. Please note that the map is subject to updates. Update version: 27 August 2021

## E6006 Master of Civil Engineering (SEU Double Masters)

| Block credit for completed units at Southeast University Suzhou |   |   |  |                           |
|---|---|---|--|---------------------------|
| YEAR 1<br>Semester 1  | CIV5886 Infrastructure geomechanics           | CIV5881 Ground water hydraulics           | ENG5001 Advanced engineering data analysis | ENG5005 Research methods  |
| YEAR 1<br>Term 3  | CIV5899 Infrastructure information management | CIV5884 Water sensitive stormwater design | CIV5888 Advanced computational methods     | ENG5006 Research practice |
