Welcome and Introductions

Associate Professor Aldonio Ferreira

Information about the course

Senior Lecturer Mehdi Khedmati

How is honours different?

- An additional year of study after your degree
- Concerned with “why” type questions
 - Currently, your studies have focused on “how” things are done
 - Question current practice and potentially recommend changes
 - Think critically

Why do honours?

- Enhance future career opportunities in industry, practice and academia
- Advanced knowledge of higher-level accounting issues
- Develop a variety of skills:
 - Problem-solving and analytical;
 - Communication;
 - Research and empirical; and
 - Project management
- Cap off your studies

Why do honours?

- Critically evaluate research with lecturers and fellow students
- Conduct a research project supervised by members of academic staff
- Become a part of the department, working closely with academic staff
- Opportunity to pursue a MPhil or PhD
- Contribute to our understanding of accounting

Where are our past students working?

Deloitte.

What is the structure of the honours degree?*

Semester 1

- ACX4000 Research methods (6 points)
- ACX4070 Issues in financial accounting (6 points)
- ACX4090 Issues in management accounting (6 points)
- An elective unit from Level 5, Master of Accounting (MAcc) (6 points)

Semester 2

- ACX4019 Honours research project 1 (12 points)
- ACX4020 Honours research project 2 (12 points)
