MAKE MONASH YOUR DESTINATION

There’s more than one way to become a Monash student. If your goal is to get a degree and use it to improve yourself, your community or the lives of others, Monash is the place for you.
A pathway can help you enter a Monash degree if you:
• didn’t finish Year 12
• didn’t achieve the ATAR you needed for your dream course
• are returning to study after working or raising a family
• want to change careers
• are transferring from TAFE or another university
• want to try university study before committing to a full degree.

Why choose a pathway to Monash?
Greater choice
We offer one of the widest ranges of degrees and pathways in Australia. As the largest university in the country, our scale means you’ll have access to a wider variety of opportunities.

Fast track to success
Most of our pathway programs allow you to progress straight into the second year of your Monash degree on successful completion, or give you credit for the units you’ve studied (meaning you can take fewer subjects for one or two semesters of your degree). This means you could complete your course in the same amount of time as you would have if you’d entered your degree directly.

You might also receive credit for previous university or TAFE/VET units you’ve completed.

A positive student experience
At Monash you’re at the centre of everything we do. New ways of teaching and learning are constantly developed, tested and integrated into your course to ensure you get the best university experience and education. And with small class sizes and helpful tutors, you’ll be supported along the way.

Study skills and support services
The decision to study at university is exciting, but it’s also a big adjustment. We care about your wellbeing and offer transition programs, peer networking, mentoring and study skills workshops to help you settle in and adjust to uni life.

How to use this guide
This brochure outlines domestic student pathways. For international student pathways, please visit monashcollege.edu.au/courses

I already know which degree I want a pathway into
If you’ve already chosen your dream Monash course, check the tables at the back of this guide to find out which pathways can help you get there.

I’m still deciding what I want to study
There’s a wide range of pathway options available, so you’ll need to consider your reasons for completing a pathway and where you hope to end up. Find out which of our pathway programs will suit your circumstances in the below table.

DIPLOMA OF TERTIARY STUDIES (DoTS)

If you completed Year 12 but didn’t quite meet the entry requirements for your dream course, DoTS might be the pathway for you. On successful completion, you can get up to one year of credit towards a range of degrees in business, business administration, education or nursing.

ENTRY REQUIREMENTS

> Prerequisites
  > Year 12: Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL.
  > Non-Year 12: As for Year 12 or Year 12 equivalent.

> Selection criteria
  > ATAR: 50
  > Entire educational history
  > VTAC Personal Statement.

How to apply

- Apply via the Victorian Tertiary Admissions Centre (VTAC)
- Complete a VTAC Personal Statement.

More information

The DoTS is a pathway to degrees in business, business administration, education and nursing, as well as a range of other Monash courses.

When you apply for the diploma, you’ll select a course stream (either business, education or nursing) that will be your area of specialisation leading to your chosen degree. DoTS will help you become an independent learner and support you by providing an introduction to tertiary studies in your area of interest.

monash.edu/study/courses

Streams

Business stream
You’ll be introduced to a range of core business disciplines and the impact they have on multi-discipline decision-making in organisations spanning the business, professional and public policy communities. This stream provides a direct pathway1 into the second year of the:

- Bachelor of Business
- Bachelor of Business Administration.

Education stream
You’ll be introduced to studies about learning, learners and teaching, and build a foundation for the skills and knowledge required to practise as a teacher/educator in a range of educational settings, from early years to secondary schools.

This stream provides a direct pathway1 into the second year of the Bachelor of Education (Honours) course, specialising in:

- Early years and primary education
- Primary education
- Secondary health and physical education.

If you complete the education stream, you’ll be required to complete a CASPer test and achieve the required standard before gaining admission into the destination degree course.

Nursing stream
You’ll be introduced to nursing and healthcare as a profession. You’ll study foundational knowledge in human bioscience, nursing and midwifery, health assessment and professional practice. This stream provides a direct pathway1 into the second year of the Bachelor of Nursing.

Course structure

You’ll complete two foundation units and six discipline units within the area of study you’ve chosen. The foundation units provide you with the knowledge and skills necessary to be an independent learner who can succeed at university. If you don’t have the mathematics prerequisites for your desired Monash course, you’ll have the opportunity to gain the required level of mathematics via the foundation units. If you already meet the mathematics prerequisites, you’ll take a unit in understanding knowledge and its contexts, which will help you to identify, compare and discuss different approaches to knowledge.

In addition to the direct pathways, you can apply for entry into other courses through VTAC after successfully completing the DoTS. Make sure that you’ve met the prerequisites for your chosen course. Admission into your course will be based on your academic performance and meeting the course prerequisites. All your study is at university level, so if you progress to a degree course you’ll be eligible to apply for credit for prior study. The amount of credit granted will be at the discretion of the relevant faculty and won’t automatically allow for progression into the second year of your preferred course.

1 To be eligible to apply for an internal course transfer to gain direct admission into the second year of a destination course, you must:
- pass each unit in the diploma on the first attempt
- achieve the average mark required for the destination course.

If you don’t meet these two requirements, you’re encouraged to apply for admission through VTAC. Should you gain successful admission through VTAC, you’ll receive credit towards the degree for the units you’ve passed in the diploma.
Cassandra Kovac dreamed of being a teacher since she was 10 years old, but when she received her Year 12 results she felt as though her world had deflated and didn’t know what her next step would be. Seven years on and now a full-time primary teacher, Cassandra says it was Monash’s pathway program that helped her get there.

“I looked into the different pathway programs that Monash offered and found the Diploma of Tertiary Studies. It was the perfect fit for me. That first year was really fantastic. The DoTs program helped me feel more supported and understand the structure of the University, and just have a really great start. I knew I was on the right track and when I finished, I transferred straight into my second year of a Bachelor of Education with the same teachers and friends. I was really confident and was on the same page as everyone else. The experience made me a better student, and definitely a better teacher.”

CASSANDRA KOVAC
Bachelor of Education (Honours) (2015)
DIPLOMA OF HIGHER EDUCATION (DoHE)

The DoHE might suit you if you completed Year 12 but didn’t quite meet the entry requirements for your dream course; if you’re returning to study; or if you’d benefit from additional learning support. On successful completion, you can get up to one year of credit towards a range of degrees in education and science.

ENTRY REQUIREMENTS

Prerequisites
Year 12: Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL.
Non-Year 12: As for Year 12 or Year 12 equivalent.

Selection criteria
ATAR: 60
Entire educational history
VTAC Personal Statement.

How to apply
• Apply via the Victorian Tertiary Admissions Centre (VTAC)
• Complete a VTAC Personal Statement.

More information
The DoHE lets you begin studying towards your Monash degree from day one. Equivalent to the first year of university undergraduate study, it provides a pathway to selected undergraduate courses and support to ensure you achieve your academic goals.

When you apply for the DoHE, you’ll select either the education or the science stream. These streams provide a direct pathway1 into specified Monash degree courses.

monash.edu/study/courses

Streams

Education stream
You’ll build a foundation in the professional skills and knowledge required to practise as a teacher/educator in a range of educational and school settings. This stream provides a direct pathway1 into the second year of the Bachelor of Education (Honours) in Primary and Secondary Education course, and up to one year of credit towards the following double degree courses:
• Bachelor of Education (Honours) and Bachelor of Arts
• Bachelor of Education (Honours) and Bachelor of Business.

Students can specialise in either primary or secondary education.

If you complete the education stream, you’ll be required to complete a CASPer test and achieve the required standard prior to gaining admission into the destination degree course.

Science stream
You’ll be introduced to a broad range of science fields by completing a sequence of study in two of the following areas:
• biological sciences
• chemistry
• computational science
• earth, atmosphere and environment
• physics.

This will allow you to gain a foundation in key scientific principles while determining your future major area of study. This stream provides a direct pathway1 into the second year of the:
• Bachelor of Science
• Bachelor of Education (Honours) and Bachelor of Science double degree (primary or secondary education).

Course structure
The DoHE consists of two foundation units and six discipline units within the area of study corresponding to your chosen stream. Discipline units can be selected based on interest and prerequisites needed for successful study.

In addition to the direct pathways, you can apply for entry into other courses through VTAC after successfully completing the DoHE, if you meet the prerequisites for your chosen course. Admission into your course will be based on your academic performance and meeting the course prerequisites.

All your study is at university level, so if you progress to a bachelor’s degree course you’ll be eligible to apply for credit for prior study. The amount of credit granted will be at the discretion of the relevant faculty and won’t automatically allow for progression into the second year of your preferred course.

1 To be eligible to apply for an internal course transfer to gain direct admission into the second year of a destination course, you must:
• pass each unit in the diploma on the first attempt
• achieve the average mark required for the destination course.

If you don’t meet these two requirements, you’re encouraged to apply for admission through VTAC. Should you gain successful admission through VTAC, you’ll receive credit towards the degree for the units you’ve passed in the diploma.

Clayton
1 year full-time
February

If you’re a domestic student you’ll be eligible for a Commonwealth Supported Place for this course. You can then defer your student contribution payment through the HECS-HELP loan scheme, if you’re eligible.
PATHWAYS TO LAW

Do you have the talent and determination to succeed in our Bachelor of Laws (Honours), or a double degree with a Bachelor of Arts, Commerce or Science, but just missed the required ATAR?

If you identify as an Indigenous Australian, live in a low socio-economic area or have experienced financial disadvantage and achieve an ATAR of 90 or higher, you could still be eligible to pursue your dreams through the Pathways to Law.

In your first year, you’ll study four Laws units along with four Arts, Commerce or Science units. When you pass all Laws units with a credit (60 per cent) average and achieve a credit average overall, you’re guaranteed a place in the second year of the relevant double degree course. If you don’t achieve the credit average, you can still continue with the non-law degree course and receive credit for all the subjects you’ve passed.

You may also be eligible for a $32,000 Susan Campbell Pathways Scholarship, specifically for a Pathways to Law student; a Monash Support Scholarship worth up to $15,000; or a range of external scholarships, scholarships for accommodation and/or other merit or equity scholarships.

There’s also a guaranteed one-off payment of $1500 for all students experiencing financial disadvantage, plus $500 for each subsequent year.

To check if you satisfy the requirements for Pathways to Law, visit monash.edu/seas

To apply, complete a Special Entry Access Scheme (SEAS) application through VTAC and preference one of the following degrees:

- Bachelor of Arts (Laws Pathway)
- Bachelor of Commerce (Laws Pathway)
- Bachelor of Science (Laws Pathway).

For more information, visit monash.edu/law/future-students/undergraduate/pathways
If you’re a mature-aged student (aged 21+) who wants to study arts, business, education or information technology, MAP might be for you.

**ENTRY REQUIREMENTS**
- 21+ years of age by 1 January of the year you enrol
- No prior university study
- Australian citizen, Australian permanent resident or holder of a humanitarian visa
- Completed English units in secondary school.

**How to apply**
Directly to Monash using the form at monash.edu/admissions/apply/online.html

Compete the online supplementary form available at jfe.qualtrics.com/form/SV_a4Sr0mRq1GgkMFn

For assistance with your application, contact Monash:
p: 1800 MONASH (1800 666 274)  
e: future@monash.edu

Indigenous Australians are encouraged to contact the Yulendj Indigenous Engagement Unit:  
p: 03 9905 8699  
e: adm-yulendj@monash.edu

**More information**
MAP is an enabling program for mature-aged students who haven’t undertaken previous university study. MAP helps you develop the skills you need to successfully participate in your studies, and gives you the option to progress to a range of internationally-recognised Monash degree courses.

We give priority to students who’ve experienced financial hardship or other disadvantages. You’ll have full access to library resources and student services.

monash.edu/study/why-choose-monash/study-options/mature-age/monash-accessprogram

**Course structure**
You’ll study the following four units:
1. Learning in a university context
2. Mathematics for tertiary study
3. Academic writing
4. An elective of your choice.

The elective allows you to choose a first-year unit from a selected list of subjects offered by the faculties of Arts, Business, Education and Information Technology.

Upon successful completion of MAP, you may be eligible for direct admission into one of the following destination degree courses, provided that you meet the guaranteed entry score for that course and any additional entry requirements, including prerequisites:
- Bachelor of Arts
- Bachelor of Business Administration
- Bachelor of Education (Honours)
- Bachelor of Information Technology.

MONASH COLLEGE DIPLOMA

If you’ve completed Year 12 but narrowly missed the ATAR or subject prerequisite for your dream course, consider completing a pathway program with Monash College.

With a Monash College diploma, you could gain entry into the second year of a Monash undergraduate degree in Art, Design and Architecture, Arts, Business, Education (double degrees only), Engineering, Information Technology or Science.

**Entry requirements**

The following requirements are for direct entry into Diploma Part 2. To be eligible you must have completed Year 12, met any prerequisite requirements and achieved the following results.

**English requirements:** minimum study score of 25 in English or 30 in EAL.

**Academic requirements:** achieve the minimum ATAR score listed in the following entry requirements table.

**Subject prerequisites:** satisfy the subject prerequisites and minimum score for your preferred diploma. For a full list of subject prerequisites and required scores, visit monashcollege.edu.au/diplomas

Monash College Diplomas Part 1: if you don’t meet the entry requirements for Diploma Part 2, you may be eligible for entry into Diploma Part 1. For more information, visit monashcollege.edu.au/courses/diplomas

Monash College diplomas aren’t eligible for Commonwealth Supported Places. You’ll be required to pay the full fee but FEE-HELP is available to eligible students.

Scholarships to cover tuition fees are available for eligible domestic students who’ve experienced disadvantage.

1 The Diploma of Art and Design provides access to fine art and architecture courses at first year, second semester.
How to apply

February intake
Apply through the Victorian Tertiary Admissions Centre (VTAC): www.vtac.edu.au

Please note that the following Diploma of Art and Design streams are only offered in the February intake: fine art and architecture.

June and October intakes
Apply directly to Monash College:
p: 03 9903 4788
e: study@monash.edu
w: monashcollege.edu.au/apply

Indigenous Australians are encouraged to contact the Yulendj Indigenous Engagement Unit:
p: 03 9905 8699
e: adm-yulendj@monash.edu

More information

Monash College in Australia is owned by Monash University and offers accredited diploma programs in Art and Design, Arts, Business, Engineering and Science. After successfully completing the diploma program to the required academic standard, you can enter the second year of a related Monash University undergraduate course within the following fields:

- Art, Design and Architecture
- Arts, Humanities and Social Sciences
- Business
- Education (selected double degrees only)
- Engineering
- Information Technology
- Science.

monashcollege.edu.au/diplomas

Course structure

Monash College diplomas are delivered in two parts. Where you start will depend on your qualifications.

Part 1 is for students who’ve completed Australian Year 11 or equivalent. After successfully completing Part 1, you can start Part 2. If you achieve exceptional marks in Part 1 you may be eligible to enter the first year of selected courses at Monash University.

Part 2 is for students who’ve completed Australian Year 12 or equivalent. During Part 2, you’ll study the same curriculum and complete the same assessments as first-year university students. After successfully completing and meeting faculty entry requirements, you’re eligible for entry into the second year of a relevant Monash degree course.

Diploma of Arts — CRICOS 081625F
Diploma of Art and Design — CRICOS 045084G
Diploma of Business — CRICOS 043633M
Diploma of Engineering — CRICOS 043634K
Diploma of Science — CRICOS 086068B
Monash College CRICOS Provider Number, 01857J
Monash College Pty Ltd ACN: 064931714
The Monash Indigenous Entry Scheme provides an entry point for Indigenous Australian applicants into a range of courses with an achieved ATAR of 50+.

Benefits
- Eligible for admission into a range of Monash courses with a lower ATAR
- No special classes, extra requirements or time added to the course
- Graduate with the same degree as all other Monash students
- Comprehensive support programs delivered by the University through the Yulendj Indigenous Engagement Unit.

Entry requirements
You can apply if you:
- are of Australian Aboriginal and/or Torres Strait Islander descent
- achieve a minimum ATAR or equivalent of 50 (60 for the Bachelor of Radiation Science and 65 for the Bachelor of Architectural Design)
- satisfy all prerequisites as listed in the VTAC guide
- complete the Monash University Supplementary Information Form.

Course structure
Students entering via the Monash Indigenous Entry Scheme will complete the standard Monash degree alongside the wider cohort, with the option of internal transfer into a range of specialist degrees and double degree programs, subject to transfer requirements.

1 Students can have either Mathematics Units 3 and 4 or Science Units 3 and 4 as a prerequisite for the Science Indigenous Entry Scheme course – they don’t need to have both.

---

Yulendj Indigenous Engagement Unit
The Yulendj Indigenous Engagement Unit offers tailored advice to Indigenous Australians to map the best way for you to reach your educational goals.

Located at the Clayton campus, Yulendj also provides tutorial and study spaces for students, and a multi-purpose lounge.

Yulendj staff can provide comprehensive advice and support throughout the application process, including assistance with providing evidence confirming eligibility (outlined at monash.edu/indigenous-australians/about-us/eligibility). They’ll also help you to access a range of services, including accommodation, scholarships, tutoring and the provision of textbooks.

Contact Yulendj:
- p: 03 9905 8699
- e: adm-yulendj@monash.edu
- w: monash.edu/indigenous-australians/study

---

Refer to the VTAC guide for course locations
- 3, 4 or 5 years (depending on course)
- You’ll be eligible for a Commonwealth Supported Place for these courses. You can then defer your payment through the HECS-HELP loan scheme.

---

February

---

You'll be eligible for a Commonwealth Supported Place for these courses. You can then defer your payment through the HECS-HELP loan scheme.
The Monash Enabling Program* allowed me to develop my academic skills in reviewing statistical data and writing university-grade academic essays at the beginning of my Education degree. I really enjoyed being part of the program, and found it was a great way for me to start university without becoming overwhelmed. So many amazing opportunities have opened for me, and I’m grateful that I get to be part of the Indigenous and student community at Monash.”

NATASHA WARD
Bachelor of Education and Bachelor of Science

Natasha successfully completed the Monash Enabling Program* and is now enrolled in a double degree in Education and Science. When she finishes this degree, she’s looking forward to becoming a biology teacher in a secondary school.

* Now the Monash Indigenous Access Program.
The Monash Indigenous Access Program (MIAP) and Indigenous Non-Award Pathway (INAP) are designed to support Indigenous Australians who wish to undertake university studies.

These pathways are specifically designed to support Indigenous Australians in making a successful transition to university study. The programs develop skills which enable success in a university environment. Successful completion can lead to a range of Monash University degree and double degree courses.

Indigenous students who apply through VTAC for entry into Monash University courses but just miss out may apply to undertake the MIAP or INAP.

Mature-aged Indigenous Australians who want to undertake a university course but have been away from education for some time can apply for either the MIAP or INAP.

MIAP is a full-time program which is Abstudy-approved. INAP is part-time and is suitable for those who are unable to study full-time. You can’t receive Abstudy while enrolled in INAP.

**ENTRY REQUIREMENTS – DIPLOMA PART 2**

- Australian Aboriginal and/or Torres Strait Islander descent
- Writing skills comparable to a Year 12 pass or TAFE equivalent
- Demonstrate a strong commitment to tertiary study
- Have applied through VTAC to undertake a degree course at Monash University and have either just missed out on a place or think that they’ll miss out on an offer of a place; or are a mature-aged student interested in pursuing further study.

Applicants will be required to provide Confirmation of Aboriginality, attend an interview and provide a short-written response.

**How to apply**

Directly to Monash Yulendj Indigenous Engagement Unit using the Monash Indigenous Access Program application form at monash.edu/indigenous-australians/study/miap-inap

Or contact Yulendj:

p: 03 9905 8699
e: adm-yulendj@monash.edu

**Course structure**

The MIAP is offered in collaboration with Monash College. It’s a requirement to complete two Monash College units and one faculty-specific unit. The Monash College units are an academic writing unit and a maths unit. The faculty unit will be selected based on your preferred destination course. There are minimum pass requirements for each of the completed units depending on the course.

Upon successfully meeting the faculty requirements and average mark, entry will be awarded into the chosen Monash course with credit for one or two units, depending on the degree.
SINGLE UNIVERSITY UNITS

Can you show us you’re ready to study at university but haven’t yet completed any formal qualifications? Have you finished secondary school and received your required ATAR, but don’t have the prerequisites for the course you want to do? If this sounds like you, single university unit study may be for you.

If you’ve completed secondary schooling but didn’t meet the required ATAR, you may also choose to undertake single university units to increase your chances of being admitted into a course. However, this isn’t a guaranteed pathway, as selection decisions will be based on your whole academic history, including your secondary schooling and higher education results.

By studying single units at Monash, you can meet university entry requirements for your desired degree course while getting a taste of university study to see if it’s for you. When you successfully complete a unit, you’ll receive a statement of results that can then be used for applications for further study within a five-year period. Depending on the degree you choose, you could also gain credits for the units you’ve completed. Single units are available on a fee-paying basis only.

ENTRY REQUIREMENTS

- You must have completed your final four years of secondary schooling in English.
- Additional requirements vary depending on the subject you’re taking. You may be required to undertake an internal assessment or sit a test.
- If you didn’t complete or achieve the required score in Year 12 English, one of the single university units undertaken must be an English-rich unit.

How to apply

Directly to Monash:

p: 1800 MONASH (1800 666 274)
e: future@monash.edu

More information

For more information on the units available to study, view the handbook at monash.edu/pubs/handbooks
You can also check the relevant faculty website at monash.edu/faculties

Course structure

By completing at least two single units, you may be eligible for entry into a large range of undergraduate courses. We encourage you to take units that relate to the course you’d like to study, and to consult the relevant faculty of your destination course.

A 60-per-cent average in single units is usually required to be competitive in selection for entry into a degree course.
TAFE/VET PATHWAYS

Monash recognises vocational qualifications from providers across Australia, and also has priority partnerships and formal articulation pathways with selected Victorian TAFE institutes.

If you’ve successfully completed a certificate IV, diploma or the first year of an advanced diploma, you could qualify for a place at Monash University and be eligible for some credit towards your course for any graded TAFE/VET studies you’ve completed. Check the credit calculator to find out what you’re eligible for at monash.edu/prior-study

For further information, visit monash.edu/admissions/credit

COURSE OR UNIVERSITY TRANSFERS

Many of our students begin a degree course at another university, or even another Monash degree course, before applying to transfer into their dream Monash course.

If you’ve successfully completed degree subjects, you could qualify for a place at Monash and be eligible for some credit towards your course.

For further information, visit monash.edu/study and monash.edu/admissions/credit

THE MONASH GUARANTEE AND SPECIAL ENTRY ACCESS SCHEME

Your dream course might be closer than you think with help from the Monash Guarantee and Special Entry Access Scheme (SEAS).

These schemes can help you enter your preferred course, even if your ATAR falls below the required ATAR.

In simple terms, the Monash Guarantee promises entry into Monash degree courses at a lower ATAR, while SEAS adjusts your ATAR to give you a greater chance of meeting the ATAR requirement. You must be studying an Australian Year 12 or the International Baccalaureate in 2019 to be eligible for the Monash Guarantee.

For further information, visit monash.edu/entry-schemes
We want as many bright minds as possible to benefit from a Monash education. Our scholarships are designed to help you make the most of all opportunities that come your way during your time at university.

More than 2500 scholarships are awarded to new students every year through our equity programs. You only need to submit one application and we’ll assess you for all. Here’s a sample of what we have available:

**Monash Unistart Support Scholarship**
This scholarship is guaranteed to all eligible commencing undergraduate students who are Indigenous Australians or experiencing financial disadvantage. You’ll receive $1500 for your first year of study and $500 for each subsequent year.

**Monash Support Scholarship**
For students experiencing financial disadvantage, this scholarship provides payment of up to $3000 per year of study.

**Monash Relocation Grant**
A $2000 one-off payment for students moving from interstate to study at Monash. Eligible to students experiencing financial disadvantage, attending a Monash-listed under-represented school, and Indigenous Australians.

**Monash Residential Services (MRS) Accommodation Scholarship**
For students belonging to a range of groups who are under-represented in higher education, this scholarship provides $3000 paid in monthly rebates towards your on-campus accommodation fees.

**Monash College Equity Scholarship**
Monash College offers equity scholarships covering the full tuition fee for domestic students studying our diploma program. You may be eligible for this grant if you have a low income; are an Indigenous Australian; are a recent refugee; live in a low socio-economic, regional or remote area; attend an under-represented school; have a disability or long-term medical condition; or have experienced difficult personal circumstances.

**How to apply**
You’ll be automatically considered for the previously mentioned scholarships by submitting your scholarships application through VTAC. You can also apply for scholarships once you’re enrolled at Monash. For eligibility and information about our full range of scholarships, visit monash.edu/scholarships

**DID YOU KNOW?**
If you’ve experienced financial disadvantage, we guarantee you a scholarship of at least $1500 in your first year at Monash.

</table>

1. Requirements for a double degree will be dependent on the requirements for each single component degree. Study at other campuses may be required depending on your choice of double degree.
2. Only applicable to the Bachelor of Fine Art.
3. Successful completion of this diploma provides up to one year of credit in select destination degrees, including associated double degrees. See monash.edu/study/courses for details.
4. These are the minimum scores to be eligible for entry into second year of a related Monash University undergraduate course. Domestic students achieving the indicated grade aren’t guaranteed entry into second year at Monash University, nor are they guaranteed a Commonwealth Supported Place (CSP). When domestic students complete a Monash College Diploma, they’re required to apply for entry to Monash University via VTAC.
5. This is the minimum requirement to be eligible for consideration if you haven’t completed any other studies (such as Year 12 or other tertiary studies). Your full academic history will be taken into consideration.

Please read this column in conjunction with the ‘Other information’ column which contains relevant information regarding single university subjects.
The following table provides an overview of the pathway options that are available for Monash University undergraduate courses (single degrees only). In all cases, you'll need to satisfy the English language requirements and prerequisites for the course in which you're seeking admission. It's recommended that you choose pathway content related to the course. Detailed course prerequisite information is available from the Monash course guides or at monash.edu/study.

---

6 Upon completion of the Diploma of Art and Design, you’ll commence first year second semester.
7 Selection is competitive and based on academic merit.
9 Only eligible for applicants with educational disadvantage; see monash.edu/law/future-students/undergraduate/pathways
DoTIS is only a pathway into the single degree Bachelor of Education (Honours) in Primary Education. It’s not a direct pathway into the double degrees.
* This applies to primary double degrees in Arts, Business, Information Technology and Science.
† This applies to secondary double degrees with Arts, Business, Information Technology and Science.
