SCOPE

This Procedure relates to all activities under the management and control of Monash University in Australia and applies to affected staff, students, contractors and visitors.

PROCEDURE STATEMENT

The purpose of this Procedure is to ensure that the relevant oversight is in place before and during activities that involve prescribed activities.

</tr>
</tbody>
</table>

2. Approval to perform a prescribed activity

Operational managers must ensure that they have received appropriate approval by completing an OHS Prescribed Activities Approval Form to undertake Monash Related OHS prescribed activities before any works commence.

OHS Prescribed activities are defined by their respective procedures and include:

- Working from Heights;
- Entering Confined Spaces;
- Entering a Monash University Tunnel System;
- Earthworks;
- Hot Works;
- Working with Ionising Radiation;
- Operating Remotely Piloted Aircraft (RPA/Drones)
2.1 Approval Process

2.1.1 All approval requests must be reviewed by the Authorised Person who is the designated representative of the Manager, OH&S. The Authorised Person must ensure that:

- All the appropriate documents have been submitted;
- Any external licencing requirements are fulfilled;
- Applicable conditions are placed as appropriate on each approval (e.g. relevant licences with regulators are held for the duration of the approval); and
- Other relevant persons have been consulted.

2.2 OHS Approval Certificates

2.2.1 Approved Persons must ensure that approval certificates are retained and produced upon request.

2.3 Permit-to-Work

2.3.1 Approved Persons must ensure that supervisors of any of the following prescribed activities hold a current Permit-to-work:

- Working from Heights – contact BPD;
- Earthworks – contact BPD;
- Entering Confined Spaces – contact BPD;
- Entering a Monash University Tunnel System – contact BPD;
- Hot Works – contact BPD; and
- Operating Remotely Piloted Aircraft (RPA)/Drones – RPA Permit-to-work form.

Activities must not commence on an OHS prescribed activity requiring a permit-to-work until a permit has been issued. The Permit Holder must ensure that Permit-to-Work certificates are available upon request.

3. Performing Prescribed Activities

3.1 Failure to comply with conditions related to an OHS prescribed activity approval, may result in cancellation of that person’s approval to perform the OHS prescribed activity. If this occurs all copies of related approval and permit-to-work certificates must be permanently marked to indicate this cancellation.

Any report created as a result of an incident during OHS prescribed activities must include relevant approval and permit-to-work reference numbers.

4. Nominating OHS Prescribed activities

4.1 The Manager, OH&S may deem an activity as an OHS prescribed activity, and then must assign an Authorised Person to review approval applications.

5. Responsibility for Implementation

5.1 It is the responsibility of the Manager, OH&S to ensure that this procedure is implemented.

6. Records

6.1 Approval certificates must be retained by the Person Approved for the duration of the approval. Permit-to-work record must be retained by the Permit Holder for a duration of the work.
DEFINITIONS

A comprehensive list of definitions is provided in the Definitions tool. Definitions specific to this procedure are provided below.

<table>
<thead>
<tr>
<th>Key word</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Approval</td>
<td>A process to review and approve that a person is qualified to undertake and/or supervise prescribed activities.</td>
</tr>
<tr>
<td>Authorised Person</td>
<td>A person who is authorised on behalf of the Manager, OH&amp;S, to approve and issue a certificate in relation to a specific type of OHS prescribed activities request.</td>
</tr>
<tr>
<td>Management Control</td>
<td>The capacity for a Manager or Supervisor to instruct workers on the methodology with which to perform work within a work area.</td>
</tr>
<tr>
<td>OHS Prescribed Activity</td>
<td>Any activity that, due to legislated obligations or significant risk with a high potential to harm workers, warrants oversight by Monash University.</td>
</tr>
<tr>
<td>Permit-to-Work</td>
<td>A documented certificate that provides evidence that a supervisor has been conditionally authorised to undertake specific prescribed activities.</td>
</tr>
<tr>
<td>Permit Holder</td>
<td>A manager or supervisor with the authorisation to perform and supervise OHS prescribed activities requiring a permit-to-work.</td>
</tr>
</tbody>
</table>
