

MASTER OF CLINICAL MEDICINE

BE AT THE FOREFRONT OF INNOVATIVE EMERGENCY CARE

Immerse yourself in Australasia's busiest emergency and trauma centre with the Master of Clinical Medicine, your globally-recognised specialist qualification in emergency medicine.

Delivered in a partnership between The Alfred and Monash University, this course will provide you with the clinical and academic expertise required to advance your career and join the next generation of leaders in emergency and trauma care.

You'll explore research, clinical leadership and management, image interpretation, theory and practice specific to emergency medicine.

Taught by experts from The Alfred Emergency and Trauma Centre and Monash University, you'll gain advanced professional knowledge and specialist clinical skills, preparing you for senior clinical and operational leadership roles throughout Australia or overseas.

In the Master of Clinical Medicine you will:

- Learn to design and deliver evidence-based patient-centred health care.
- Build diagnostic, problem-solving and decision-making skills to achieve best practice outcomes.
- Explore legal, ethical, inter-professional, cultural, managerial and safety issues.
- Develop leadership and management capacities in emergency and trauma contexts.

Course code

M6023

CRICOS code: 097298G

Study mode

Multi-modal at Alfred Hospital

Intakes

First semester: February

Durations

Full time: 1 year

Part time: 3 years

COURSE STRUCTURE

Foundations for advanced clinical medicine practice

Develop the foundations to design and deliver high quality evidence-based patient-centred care within clinical medicine.

PART B

Advanced specialist study

Gain specialist professional knowledge and advanced skills in advanced professional practice in emergency medicine.

Find out more about which subjects you'll study, visit monash.edu/study/course/m6023

"This is a unique opportunity to participate in the activities of the largest trauma centre in Australasia. The Master of Clinical Medicine provides a globally recognised qualification delivered by a world-leading academic faculty and a clinical service at the forefront of emergency and trauma care and innovation."

Professor Peter Cameron

Academic Director, The Alfred
Emergency and Trauma Centre

CLINICAL IMMERSION

You'll have the unique opportunity to complete a clinical immersion workshop at The Alfred Emergency and Trauma Centre, a major metropolitan emergency department with a level one trauma centre.

At The Alfred, you'll be exposed to the management of emergency and trauma patients across a wide range of cases, and be instructed by specialist teachers at the forefront of emergency and trauma care.

The Alfred Emergency and Trauma Centre has the highest level of academic output of any emergency department in Australasia. It is recognised as a world leader in implementing new models of care that improve patient accessibility and service quality.

PROFESSIONAL RECOGNITION

Some units of the Master of Clinical Medicine are approved professional development activity by the following organisations:

- Australasian College of Emergency Medicine (ACEM)
- Australian College of Rural and Remote Medicine (ACRRM)
- Royal Australian College of General Practitioners (RACGP)
