Notes

- Variations to the course map may be approved to accommodate unit choice, semester of commencement and credit granted. For assistance in selecting units and mapping progression through the course, consult the Course Adviser.
- Credit may be granted depending on a student's prior qualifications and relevant work experience, as determined by the Faculty. Contact the Course Adviser for more information.
- A possible pathway to research is available to students who achieve a weighted average mark of at least 65% in the units of this course. The pathway is by invitation to students who meet this criterion and is not offered at the point of entry. However, students interested in this possibility must make space to pursue two units of professional inquiry by taking only two enhanced professional learning units as listed above. Students invited into this pathway take the following two units:
 - [EDF5613](#) Research approaches in education
 - [EDF5614](#) Research project in education

Note: This pathway is not available in the Inclusive and special education specialisation.
