Public transport

Happy Stations

- **Melbourne Central**
  "Better to get on or off the train here than at Flagstaff or Parliament because there are more people around and better lighting.” (Comment)

- **Glen Waverly**
  Well-lit and generally busy

- **Hawksburn**
  "Surprisingly safe train station, always staffed and has PSOs after dark.” (Female 30)

- **Southern Cross**
  "It is well lit and the wide open space makes it feel safe.” (Female 36)

- **South Kensington**
  "The station is basic but I always feel safe there.” (Female 22)

- **Eaglemont**
  "I have never felt unsafe here, even catching the train home after midnight.” (Female 23)

- **West Footscray**
  "With the relatively new station (and therefore new lighting etc) and also the community/police officers at the station, I feel quite safe there.” (Female 35)

Sad Stations

- **Flinders St**
  Received the most pins/comments as might be expected for the busiest rail station in Australia. The majority of pins were unfavourable, although there were some exceptions such as that cited above.

- **Richmond**
  One pin advised: “Avoid this station at night if you can.”

- **Brunswick**
  “Creepy men” day and night. Dark and “unnerving” at night

- **Box Hill**
  "Has always made me feel like I need to be extra cautious.” (Female 18)

- **Footscray**
  Scary at night. The presence of PSOs did not seem to make a difference as they were observed as restricting their activities to the entrance stairs leaving the platforms unattended

- **Jewell**
  Dark and isolated

- **Jacana**
  “Me and my friends had a joke rating for each station, Jacana was 5/5 skulls. To be fair it has improved since they bought in the armed transit officers but it’s still very rough.” (Comment by man)
