Semester 1 entry: 31 January
Semester 2 entry: 30 June

Submitting applications
Submit your application to the Faculty office:

FIT, Caulfield
Building H, Level 6
900 Dandenong Road
Caulfield East
Victoria 3145, Australia
Ph: +61 3 9903 1304

General Information
This is an application form only, and does not constitute approval to enrol into the research stream. Applications will be reviewed post-result release date of the current semester. Students will be notified (via email) of the outcome of their application prior to the commencement of the subsequent semester.

Successful applicants will be provided with the date of the mandatory Information Session, held during Orientation Week. Prior to the Information Session we strongly recommend you visit the Minor Thesis projects link and make contact with the appropriate supervisors to register your interest.

Minor Thesis projects
http://www.monash.edu/it/current-students/course-information/honours-and-minor-thesis/fit-honours-projects

Students are required to have a confirmed project and a supervisor by the end of Week 1 of semester or they will not be permitted to undertake the Research stream for that semester.

Unsuccessful applicants will be required to complete the Industry Experience stream of their degree.

Students should re-enrol in the industry experience units until advised of the outcome of their Research stream application.

NOTE:
1) 2015+ - To enrol in the research units, students must have successfully completed a minimum of 24 points of level five FIT-coded units and have achieved an overall average of at least 75 per cent across all completed level five FIT-coded units.
2) pre 2015 - Students intending to complete the Research stream should note that the eligibility requirement to undertake this option has changed from a 70% average overall across 24 points of FIT level 5 units in 2015, to a 75% average overall across 24 points of FIT level 5 units in 2016. This change has been introduced to address the prevalence encountered during 2014 and 2015 whereby students with less than a 75% average experienced difficulties with undertaking research study. Given this prevalence, the Faculty strongly recommends that students who commenced in either 2014 or 2015 who wish to undertake the research component, without at least a 75% average, discuss this matter with their Course Director.

Privacy Statement
The information on this form is collected for the primary purpose of assessing your application. Other purposes of collection include the creation of a record on the student database, attending to administrative matters, corresponding with you and statistical analyses. If you choose not to complete all the questions on this form, it may not be possible for the University to assess your application. Personal information may also be disclosed to the education institutions or your employer(s) to make an informed decision about the application or matters that concern your enrolment at Monash. You have a right to access personal information that Monash University holds about you, subject to any exceptions in relevant legislation. If you wish to seek access to your personal information or inquire about the handling of your personal information, please contact the University Privacy Officer at privacyofficer@monash.edu
