JIA NING CHOO
BACHELOR OF COMMERCE/BACHELOR OF ENGINEERING (HONOURS)
HOST ORGANISATION - YARRA TRAMS

WHAT ARE SOME OF THE BIG LEARNINGS OR HIGHLIGHTS FROM YOUR MITI PLACEMENT AT YARRA TRAMS?
Going to the tram depot and learning about the maintenance of trams and how the network is actually run.

WHAT ARE SOME THE KEY PROJECTS/TASK/ACHIEVEMENTS THAT YOU COMPLETED?
Our team created a phone application to help people with vision impairment to better traverse the tram network. During this process, we also developed User Interface (UI) elements using a design-thinking approach as well as creating a business case for it.

IN WHAT WAY DO YOU THINK YOUR MITI PLACEMENT WILL ENHANCE YOUR FUTURE EMPLOYABILITY?
My placement during the MITI program gave me an insight into how organisations that work very closely with government departments function. It will be useful in learning how to navigate my career options in the future.

WHAT WOULD YOU SAY TO YOUR FELLOW STUDENTS THINKING ABOUT APPLYING FOR THE MITI PROGRAM?
Just go for it! You will come out a lot more knowledgeable and experienced.
