Bombardier is the world’s largest manufacturer of both planes and trains, with a worldwide workforce of 70,900\(^{(1)}\)(2) people. Bombardier is headquartered in Montréal, Canada.

In the fiscal year ended December 31, 2015, we posted revenues of 18.2 billion USD.

---

(1) As at December 31, 2015, including contractual and inactive employees. Subsequent to the end of the fiscal year, we decided to take steps to optimize our workforce with a combination of manpower reduction and strategic hiring. These figures do not reflect the planned changes.

(2) 3,950 product development engineering, Corporate office and other employees are not allocated to a reportable segment.
**BOMBARDIER TRANSPORTATION**

The broadest portfolio of products & solutions in the rail industry

**Rail Control Solutions**

- Integrated control systems
- Automatic train protection and operation
- Interlocking systems
- Wayside equipment
- Services

**Transportation Systems**

- Monorail systems
- APM systems
- Light rail systems
- ART systems
- Metro Systems
- Intercity Systems
- Transit Security

**Services**

- Fleet Management
- Asset Life Management
- Material Solutions
- Component re-engineering and overhaul
- Services

**Propulsion & Controls**

- Traction converters
- Auxiliary converters
- Traction drives
- Control and communication

**Bogies**

- Portfolio to match entire range of rail vehicles
- Full scope of service over the lifetime of a bogie
