Monash Sport Social Sport Netball Rules
All Netball Social Sport competitors must adhere to the following rules:

Length of the Game
Monash University social evening netball competitions are played over four 8 minute quarters. There is a straight swap between the first and second quarter and the third and fourth quarters. The half time break is two minutes. The game clock may be stopped due to injury at the umpire’s discretion.

Starting the Game
The game commences with the first centre pass taken at the umpire’s whistle. After each goal is scored, a new centre pass is taken alternatively by the two centre players, irrespective of who scores the goal. The umpire's whistle indicates the beginning and end of each quarter.

Positions
There are seven players on each team, who are given nominated, named positions. Each player must wear a "bib" showing one of the abbreviations below, indicating that player's position. Each player is only allowed in certain areas of the court: a player in a section of the court that is not part of their playing area is deemed "offside". The positions are described below:

<table>

</table>

Mixed team player placement:
For a mixed team to take the court, they must have at least 1 male player. In the event that the team does not have a male player at the commencement of the game, the time will start and the forfeit rule applies. The game is forfeited if the offending team does not have a male player by the 10th minute of the game (or 2 minutes into the second quarter).

In the event that a team has 1 male player who suffers an injury during game play and cannot continue (ie, so the team no longer has any male players on the court), the game continues and the team can play without any male players.
No mixed team may have more than 6 female players or 3 male players on the court during play.

No mixed team may have more than 1 male player per third of the court.

I.e.: 
- No more than one male player in the "GS" or "GA" position;
- No more than one male player in the "WA", "C" or "WD" position; and
- No more than one male player in the "GD" or "GK" position

**Scoring a Goal**
A goal is scored when a Goal Shooter or Goal Attack within the goal circle throws the ball completely through the goal ring. The umpire's whistle signals the goal is scored.

**Team Changes and Substitutions**
A team may make any number of substitutions at the quarter, half or three-quarter time break as well as during a stoppage due to injury or illness. If a substitution or team change is made due to injury or illness, the injured or ill player must be involved in the substitution or positional change. The opposing team is free to make substitutions or positional changes, regardless if the team who called for the time out makes no changes.

**Contact**
A player cannot accidently or deliberately come into contact with another player in a way, which impedes their play. For example, pushing, charging, tripping, throwing the body against an opponent or using the ball to push or contact an opponent. Players must not hold an opponent, nor keep their elbows against another player.

**Obstruction**
A player with arms extended cannot defend a player with the ball, closer than 0.9m (3 feet). This distance is measured from the first landed foot of the attacking player to the nearer foot of the defending player. A player may stand closer to an opponent without the ball provided their arms are not extended, but a player may not use intimidating actions against an opponent with or without the ball. If the attacking player lessens the distance in their throwing or shooting action, then the defending player is not considered to be obstructing because it was the attacking player and not the defending player who shortened the distance.

**Held Ball**
A player must pass the ball or shoot for goal within three seconds of receiving the ball.

**Over a Third**
The ball cannot be thrown over a complete third without being touched by a player in that third. The pass is taken from the third where the player gained possession. It does not matter if they step into an adjacent third to throw. A free pass is taken where the ball crossed the second transverse line.

**Offside**
Players must stay within their designated playing areas. If a player goes offside, a free pass is awarded to the opposing team in the offside area. A player may reach over and take the ball from an offside area provided that no part of their body touches the ground in that area. When two opposing players go offside but neither touches the ball, they are not penalised. If one or both players are in possession of the ball when they go offside, a toss up is given in their area of play.
Out of Court
If a player has no contact with the ball they may stand or move out of the court, but must make contact with the playing area and have no other contact with anything outside the court before attempting to touch the ball again.

Footwork a. One-Foot Landing
When a player lands on one foot they may step with the other foot, lift the landing foot, but must throw the ball before re-grounding the lifted foot. They may use the landing foot as a pivoting foot, stepping in any direction with the other foot as many times as they wish. Once the pivoting foot is lifted they must pass or shoot before re-grounding this foot. A player may jump from the landing foot onto the other foot and jump again, providing they throw the ball before regrounding either foot. NB. A player cannot drag or slide the landing foot, or hop on either foot.

b. Two-Foot Landing
If a player catches the ball and lands on both feet simultaneously, they may step in any direction with one foot, lift the other foot but must throw or shoot before re-grounding this foot. They may pivot on one foot, stepping in any direction with the other foot as often as they wish. Once the pivot foot is lifted they must throw the ball before re-grounding this foot. They may jump from both feet onto either foot, or step and jump but must throw or shoot before re-grounding either foot.

Playing the Ball (or Replay)
A player who has possession of the ball may not bounce the ball and re-gain possession of the ball (replay it). If a player does not catch the ball cleanly, it may be allowed to bounce once to gain possession or batted or bounced to another team mate. After throwing the ball, a player cannot play it again until it is touched by another player, or rebounds off the goal post. A player cannot:
- Punch, roll, kick or fall on the ball;
- Gain or pass the ball in any way while lying, sitting or kneeling on the ground;
- Use the goal post as a way to regain balance or as a support while stopping the ball from going out of court.

Short Pass
There must always be room for a third player to move in between the hands of the thrower and those of the receiver when passing. Passes that do not have this room are called short passes.

Penalties
There are five types of penalties in netball: 1. Free pass 2. Penalty pass 3. Penalty pass or shot 4. Throw in 5. Toss up

a. Free Pass
A free pass is awarded for infringements on the court involving one player. The pass is taken where the infringement occurred by any player who is allowed in the area. The offending player does not have to stand beside the thrower taking the pass. If a free pass is awarded in the goal circle, the shooter may only pass the ball - not shoot for goal.

b. Penalty Pass/Penalty Pass or Shot
A penalty pass is awarded for contact, intimidation and obstruction infringements. The pass is taken where the infringer was standing, except if it places the non-defending team at a disadvantage. Any player who is allowed in the area can take the pass. The penalised player must stand "out of play". That is, beside and away from the player taking the pass and make no attempt to take part in play. This includes directing play, until the ball has left the throwers hands. If a penalty is given to a Goal Attack or Goal Shooter in the goal circle they are awarded a "penalty pass or shot".
c. Throw-In
When the ball goes out of court it is thrown-in by an opponent of the team in the court that was last to touch it. The player taking the throw-in should place one or both feet behind the point where the ball crossed the line and make sure all other players are on the court before throwing the ball.

d. Toss Up
A toss up is used to put the ball in play in situations such as, simultaneous contact by opposing players or if the umpire cannot decide who last touched the ball out of court. The two players stand 0.9m (3 feet) apart, facing each other and their own goal end. Their arms should be straight with hands by their sides. Once in position, they must not move until the umpire has tossed it up from just below shoulder height of the shorter player, and blown the whistle. The ball may be caught or batted except directly at an opponent. A goal shooter or goal attack may shoot for goal from a successful possession at a toss up.
