# NOTE FROM THE DEAN

**Professor Simon Wilkie**

**While the past two years have been turbulent and unprecedented, we now move on optimistically – and there is no better showcase than Monash Business School’s Celebrating Excellence Awards.**

We are justly proud of the talent and achievement of our students, alumni, academic community, educators and professional staff.

I am particularly delighted to announce the recipients of two important award categories: the Monash Business School Alumni Excellence Award and our Future Global Leaders.

The Alumni Excellence Award has been awarded to Annie Lim, Vice President of Human Resources at biotherapeutics firm, Hummingbird Bioscience.

Ms Lim is an outstanding example of a graduate who is creating a positive impact on the world through her outstanding professional contributions.

The Future Global Leaders awards feature two outstanding students whom we believe are well on their way to shaping a better future.

Master of Advanced Finance student Shahjadi Anika is our postgraduate recipient, while our undergraduate Future Global Leader is Gabrielle Terliatan.

Both encapsulate the spirit of enquiry, academic excellence, sense of adventure and striving for excellence that are the hallmarks of a Monash education.

Another important part of the Celebrating Excellence Awards ceremony is publicly acknowledging the recipients of the Monash Business School Dean’s Awards.

You can read more about all our award recipients at [monash.edu/business/awards](https://monash.edu/business/awards).

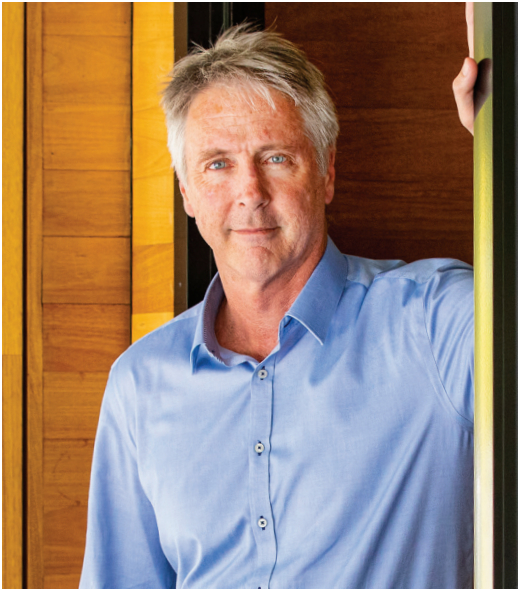

Also in this program are our 2021 Student Course recipients – look for your name there if you are a recipient – as well as our individual Department Unit Awards and the Dean’s Honour List and Commendation List.

Congratulations again to all recipients. Your achievements are a big part of why we can proudly claim our status as a globally ranked business school.

**Professor Simon Wilkie**

Dean, Faculty of Business and Economics  
Head, Monash Business School

# KEYNOTE SPEAKER

**Phil Hayes-Brown**

---

**We are delighted to welcome Monash alumnus Phil Hayes-Brown as our keynote speaker this year.**

Since April 2010, Phil has been the CEO of Wallara Australia, a not-for-profit, creative and social purpose organisation with a mission to drive social change and empower people with different abilities to realise their full potential.

Under Phil's leadership, Wallara has created innovative partnerships across sectors aimed at creating unique experiences and outcomes and ultimately increasing inclusion.

Phil graduated from Monash University with a Bachelor of Economics/Bachelor of Laws in 1989. A former commercial lawyer and sports marketer, Phil had a vision to reach out and engage the mainstream community through innovative partnerships and educational platforms that drive social change and help people with different abilities achieve their full potential.

He is inspired by his daughter Phoebe who has a moderate cognitive impairment and is nonverbal. Phil applies the skills he acquired from working for 13 years with elite sporting leagues including the National Basketball Association (NBA) and the Australia Football League (AFL) to help Wallara clients achieve their life goals.

Phil has spearheaded Wallara's 'Keep On Learning' partnership with Monash University. Monash pre-service teachers have partnered with a Wallara client with a cognitive impairment to understand the best ways to teach numeracy and literacy.

This program fills a critical gap as pre-service teachers typically have no exposure to people with special needs in their teaching course.

This innovative program raises the capacity of tomorrow's teachers and schools and makes tertiary education more inclusive.

# 2022 ALUMNI EXCELLENCE AWARD

**Monash Business School engages in the highest quality research and education to have a positive impact on a changing world. Our alumni represent some of the foremost thinkers and brightest achievers across many diverse business disciplines.**

The Monash Business School Alumni Excellence Award celebrates graduates who are creating a positive impact on the world through outstanding professional contributions.

This award particularly celebrates alumni who have achieved excellence in their profession or work life, who have demonstrated leadership/innovation in their particular field, who are a source of inspiration to students and pride to the Business School community and beyond; and who value and reflect the importance of their Monash education.

## WINNER OF THE 2022 ALUMNI EXCELLENCE AWARD

In 2022, we are delighted to award the **Monash Business School Alumni Excellence Award** to **Annie Lim, Vice President, Hummingbird Bioscience, Singapore.**

**Annie Lim**

“HR is a people business, it’s about manifesting relationships that help others grow, learn and build their careers,” Annie Lim says.

“My passion for people drives me to create the right environment to foster opportunities for people to be successful and unleash their potential.”

Her current role at Hummingbird Bioscience, (a biotechnology company developing treatments for cancer and autoimmune disease), gives Annie the ultimate high, through building a strong culture where diversity, inclusion, and belonging thrive.

Annie is a proud Monash alumna, completing her Bachelor of Business in 1998 and later completing a Master of Counselling in 2021.

With more than 25 years of HR experience across healthcare, life-sciences, education, consulting and the IT industry, Annie’s expertise lies in catalysing workforce strategies and powering up talent engagement to enhance her organisation.

She has worked with GSK, Pall Life Sciences, and Adecco/Lee Hecht Harrison, and spent close to five years with the global French pharmaceutical company, Sanofi before moving to Citrix as APJ Head of Talent & Diversity Outreach.

In addition to her Monash qualifications, Annie holds a Master of Human Resource Development (HRD) from The George Washington University (USA) and she is also an alumni member of the IMD (Lausanne), certified career coach (LHH/e2i), Provisional Clinical Member (Singapore Association of Counselling) and a certified facilitator ACTA (WSG/IAL).

Annie sits on the HR Council of Singapore Polytechnic School of Business and is Adjunct Associate Lecturer at Singapore University of Social Science. She is an avid grassroots leader of the People’s Association and is passionate about diversity, inclusion and driving STEM initiatives.

# 2022 FUTURE GLOBAL LEADERS AWARD

The Monash Business School Future Global Leaders Award recognises students who are committed to the development of sustainable businesses and practices that contribute to the economic, environmental and social development of communities, and who demonstrate the drive and ambition to become global leaders of the future.

## WINNERS OF THE 2022 FUTURE GLOBAL LEADERS AWARD

### **Gabrielle Terliatan**

Bachelor of Laws (Honours) and Bachelor of Commerce

Migrating to Melbourne as an 11-year-old was a culture shock for Singapore-born Gabrielle Terliatan.

But the support of her community helped her overcome her struggles to integrate into Australian society – and set her on a path to a life of volunteering.

“My community gave me countless opportunities to take part in a range of different initiatives, which allowed me to view Melbourne with a unique lens and opened my eyes to what I could achieve here,” she says.

No stranger to giving up her time to help others, Gabrielle jumped at the chance to join the Monash Business School Discipline Panel and Dean Student Forum and provide a student perspective.

Gabrielle joined the Monash Chapter of Beta Alpha Psi-Xi Epsilon Monash in 2020 and within a year became the group’s Communications Director and then President.

The Bachelor of Laws (Honours) and Commerce student says her proudest achievement to date is her work to help secure the prestigious Gold Challenge award for BAP at the annual Best Practices competition.

“These experiences have allowed me to understand what goes on behind the scenes at Monash Business School and the lengths required to assist the school in becoming as prestigious as it is now.”

### **Shahjadi Anika**

Master of Advanced Finance

A Master of Advanced Finance student, Shahjadi Anika’s goal is simple: to help businesses in developing nations like her birth country Bangladesh become more sustainable. Her passion for positive change began two and a half years ago while helping her father attract more global clients to his garment export business.

Shahjadi introduced a range of sustainable practices such as Recycled Claim Standard (RCS) licensing and recycled poly packaging to her family business.

“I was doing my postgraduate studies and learning about the Environmental, Social and Governance (ESG) criteria, and I thought it was the right time to look at doing things differently,” she says.

Shahjadi is also exerting her influence locally, working closely with Australian social support platform LinkMate to improve the mental wellbeing of students, corporate employees and minorities.

As vice-president of the Monash Residential Service Hall Society, she won a Best Community Service Leader award for her work to improve fellow students’ mental health, diversity, equality, and inclusion during the pandemic.

“My future goal is to work with sustainable businesses that support mental wellbeing, and help fight the social stigmas related to gender inequality and the exclusion of minorities in the workplace,” she says.

# 2021 DEAN'S AWARDS

Each year, Monash Business School recognises outstanding achievements by awarding the Dean's Staff Awards, Commendations and Citations for excellence in the categories of education, research, diversity and social inclusion and professional practice.

## 2021 DEAN'S AWARDS FOR EDUCATION EXCELLENCE
