

# Course progression map for 2020 commencing students

This progression map provides advice on the suitable sequencing of units and guidance on how to plan unit enrolment for each semester of study. It does not substitute for the list of required units as described in the course 'Requirements' section of the [Handbook](#).

## [M6021 Master of Public Health](#)

Units are taught online in 6 weeks blocks with 6 weeks break between each unit. Units can be taken in any order. This course is available part time only and normally takes 2 years to complete.

Students complete:

### Units offered in 2020:

- MPH5301 Health systems and policy
- MPH5302 Biostatistics: Concepts and applications
- MPH5303 Epidemiology of infectious diseases
- MPH5308 Developing health systems
- MPH5309 Occupational health and safety
- MPH5314 Epidemiology of chronic disease

### Units offered in 2021:

- MPH5304 Leading and managing in public health and health care
- MPH5305 Epidemiology: Concepts and applications
- MPH5306 Health promotion, planning and evaluation in public health
- MPH5307 Introduction to health law principles
- MPH5313 Challenges in public health

\* Students who are working towards the Royal Australasian College of Medical Administrator's Fellowship must complete MPH5306; all other students must complete MPH5311.
