

Course progression map for 2025 commencing students

This progression map provides advice on the suitable sequencing of units and guidance on how to plan unit enrolment for each semester of study. It does not substitute for the list of required units as described in the course 'Requirements' section of the [Handbook](#).

M6007 Master of Health Administration

Students chose **one** of the following options per teaching period.

Students must first complete units in Part A (Fundamental principles of health administration) before enrolling in Part B units (Advanced principles of health administration).

| | | |
|-------------------|---|---|
