

Course progression map for 2026 commencing students

This progression map provides advice on the suitable sequencing of units and guidance on how to plan unit enrolment for each semester of study. It does not substitute for the list of required units as described in the course 'Requirements' section of the [Handbook](#).

[M6001 Master of Advanced Health Care Practice](#)

Specialisation course	Coursemaps commence on:
M60014 Master of Advanced Medical Imaging Practice	Page 2
M60012 Master of Advanced Occupational Therapy Practice*	Page 3
M60013 Master of Advanced Paediatric Physiotherapy Practice	Page 4
M60016 Master of Advanced Radiation Therapy Practice	Page 5

*Note: The Occupational Therapy specialisation will not be offered in 2026.

M6001 Master of Advanced Health Care Practice

M60014 Master of Advanced Medical Imaging Practice

Coursework pathway. Part-time, semester 1 intake

Year 1 Semester 1	MAP5003 Essentials of advanced health care practice (12 points)	
Year 1 Semester 2	Elective unit	Elective unit
Year 2 Semester 1	Elective unit	Elective unit
Year 2 Semester 2	Elective unit	Elective unit

Coursework pathway. Part-time, semester 2 intake

Year 1 Semester 2	MAP5003 Essentials of advanced health care practice (12 points)	
Year 1 Semester 1	Elective unit	Elective unit
Year 2 Semester 2	Elective unit	Elective unit
Year 2 Semester 1	Elective unit	Elective unit

Elective units:

You must complete 36 points from the following units, at least 24 points of which **must** be RAD coded units.

- RAD5105 Pathology for imaging
- RAD5108 Musculoskeletal x-ray image interpretation 1
- RAD5109 Musculoskeletal x-ray image interpretation 2
- RAD5110 Advanced CT and clinical decision-making 1 (12 points)
- RAD5111 Advanced CT and clinical decision-making 2
- RAD5114 X-ray image interpretation of the chest and abdomen
- RAD5500 Multislice CT and clinical decision making
- RAD5503 Magnetic resonance imaging: Physical principles, MR safety and Image optimisation
- RAD5504 Magnetic resonance imaging: Musculoskeletal system
- RAD5505 Magnetic resonance imaging: Head, spine, abdomen and pelvis
- RAD5506 Magnetic resonance imaging: Advanced imaging techniques
- ASC5001 Fundamentals of addiction science and addiction policy (12cp)
- EDF5062 Grief and trauma counselling
- MAP5200 Improving Indigenous equity in professional practice
- RTP5002 Advanced practice in allied health (12cp)
- SRH5032 Applied research for health

NOTES:

- Full-time study is not available for the Medical Imaging specialisation.
- Please refer to the final page of this document for the Research pathway coursemap.

M6001 Master of Advanced Health Care Practice

M60013 Master of Advanced Paediatric Physiotherapy Practice

Coursework pathway. Full-time, semester 1 intake

Year 1 Semester 1	MAP5003 Essentials of advanced health care practice (12 points)	Elective unit	Elective unit
Year 1 Semester 2	PTY5105 Advanced physiotherapy clinical skills and project (12 points)	Elective unit	Elective unit

Coursework pathway. Part-time, semester 1 intake

Year 1 Semester 1	MAP5003 Essentials of advanced health care practice (12 points)	
Year 1 Semester 2	Elective unit	Elective unit
Year 2 Semester 1	Elective unit	Elective unit
Year 2 Semester 2	PTY5105 Advanced physiotherapy clinical skills and project (12 points)	

Elective units

You must complete 24 points from the following units, at least 18 points of which **must** be PTY coded units:

- PTY5100 Enhancing skills in paediatric physiotherapy
- PTY5101 Advancing skills in paediatric physiotherapy: Cerebral palsy
- PTY5102 Advancing skills in paediatric physiotherapy: Neonates and infants
- PTY5104 Advancing skills in paediatric physiotherapy: Complex and chronic conditions
- EDF5062 Grief and trauma counselling
- MAP5200 Improving Indigenous equity in professional practice
- SWM5122 The child in society: Promoting children's well-being and responding to abuse and neglect

NOTE:

- Please refer to the final page of this document for the Research pathway coursemap.

[M6001 Master of Advanced Health Care Practice](#)

M60016 Master of Advanced Radiation Therapy Practice

Coursework pathway. Part-time, semester 1 intake

Year 1 Semester 1	MAP5003 Essentials of advanced health care practice (12 points)	
Year 1 Semester 2	Elective unit	Elective unit
Year 2 Semester 1	Elective unit	Elective unit
Year 2 Semester 2	Elective unit	Elective unit

Coursework pathway. Part-time, semester 2 intake

Year 1 Semester 2	MAP5003 Essentials of advanced health care practice (12 points)	
Year 1 Semester 1	Elective unit	Elective unit
Year 2 Semester 2	Elective unit	Elective unit
Year 2 Semester 1	Elective unit	Elective unit

Elective units

You must complete 36 points from the following units, at least 24 points of which **must** be RTP coded units:

- RTP5002 Advanced practice in allied health (12 credit points)
- RTP5101 Patient care and assessment in radiation therapy (12 points)
- RTP5102 Current issues in radiation therapy and oncology (12 points)
- RTP5104 Advanced imaging for radiation therapy (12 points)
- RTP5105 Principles of adaptive radiation therapy (12 points)
- EDF5062 Grief and trauma counselling
- MAP5200 Improving Indigenous equity in professional practice
- SRH5032 Applied research for health
- SWM5122 The child in society: Promoting children's well-being and responding to abuse and neglect

NOTES:

- Full-time study is not available for the Radiation Therapy specialisation.

M6001 Master of Advanced Health Care Practice

Research pathway

Research pathway. Part-time, semester 1 intake

Year 1 Semester 1	MAP5003 Essentials of advanced health care practice (12 points)	
Year 1 Semester 2	SRH5032 Applied research for health (6 points)	Specialisation unit* (6 points)
Year 2 Semester 1	Specialisation unit* (6 points)	Specialisation unit* (6 points)
Year 2 Semester 2	MAP5010 Advanced health practice research project (12 points)	

Research pathway. Part-time, semester 2 intake.

Year 1 Semester 2	MAP5003 Essentials of advanced health care practice (12 points)	
Year 1 Semester 1	Specialisation unit* (6 points)	Specialisation unit* (6 points)
Year 2 Semester 2	SRH5032 Applied research for health (6 points)	Specialisation unit* (6 points)
Year 2 Semester 1	MAP5010 Advanced health practice research project (12 points)	

NOTES:

- Research topics will focus on your chosen specialisation.
- Full-time study is not available for the research pathway.
- You must choose one of the following specialisations: Medical imaging, Paediatric physiotherapy, or Radiation therapy.
- Semester 2 intake is not available for Paediatric physiotherapy.
- The Occupational therapy specialisation will not be offered in 2026.
- *You must complete 18 credit points of units from the coursework pathway of your chosen specialisation.
