

Course progression map for 2026 commencing students

This progression map provides advice on the suitable sequencing of units and guidance on how to plan unit enrolment for each semester of study. It does not substitute for the list of required units as described in the course 'Requirements' section of the [Handbook](#).

M6007 Master of Health Administration

Students chose **one** of the following options per teaching period.

Students must first complete units in Part A (Fundamental principles of health administration) before enrolling in Part B units (Advanced principles of health administration).

Teaching Period 1	MPH5308 Developing health systems	MPH5319 Managing digital health
Teaching Period 2	MPH5304 Leading and managing public health and healthcare	MPH5305 Epidemiology: concepts and applications
Teaching Period 3	MPH5307 Introduction to health law principles	MPH5317 Healthcare and economic management OR MPH5320 Research methods in healthcare*
Teaching Period 4	MPH5311 Safety and quality in healthcare	MPH5316 Healthcare improvement and learning systems
Teaching Period 5	MPH5301 Health systems and policy	MPH5302 Biostatistics: concepts and applications
Teaching Period 6	MPH5318 Healthcare and financial management	MPH5315 Introduction to management
Part A	<i>Fundamental principles of health administration</i>	
Part B	<i>Advanced principles of health administration</i>	

*NOTE: Enrolment in MPH5320 is with the permission of the Course Director only, and is restricted to medical graduates aiming to satisfy the requirements for the [Royal Australasian College of Medical Administrators](#) (RACMA) Fellowship.

Medical graduates who are students undertaking this course and wanting to satisfy the requirements for the RACMA Fellowship need to complete the following units: MPH5301, MPH5304, MPH5307, MPH5308, MPH5318, and MPH5320.
