

Course progression map for 2027 commencing students

This progression map provides advice on the suitable sequencing of units and guidance on how to plan unit enrolment for each semester of study. It does not substitute for the list of required units as described in the course 'Requirements' section of the [Handbook](#).

M6007 Master of Health Administration

Students must first complete the units in Column 1 (Fundamental principles of health administration) before enrolling in Column 2 units (Advanced principles of health administration).

Students choose **one** of the following units per teaching period.

	Column 1 Fundamental principles of health administration	Column 2 Advanced principles of health administration
Teaching Period 1	MPH5308 Developing health systems	LEO5301 Decision making for managers
Teaching Period 2	MPH5304 Leading and managing public health and healthcare	MPH5305 Epidemiology: concepts and applications
Teaching Period 3	MPH5307 Introduction to health law principles	MPH5317 Healthcare and economic management OR MPH5320 Research methods in healthcare*
Teaching Period 4	MPH5311 Safety and quality in healthcare	MPH5316 Healthcare improvement and learning systems
Teaching Period 5	MPH5301 Health systems and policy	MPH5302 Biostatistics: concepts and applications
Teaching Period 6	MPH5318 Healthcare and financial management	MPH5315 Introduction to management

*NOTES:

- Enrolment in MPH5320 is with the permission of the Course Director only, and is restricted to medical graduates aiming to satisfy the requirements for the [Royal Australasian College of Medical Administrators](#) (RACMA) Fellowship.
- Medical graduates who want to satisfy the requirements for the RACMA Fellowship need to complete the following units: MPH5301, MPH5304, MPH5307, MPH5308, MPH5318, and MPH5320.
