

## Course progression map for 2027 commencing students

This progression map provides advice on the suitable sequencing of units and guidance on how to plan unit enrolment for each semester of study. It does not substitute for the list of required units as described in the course 'Requirements' section of the [Handbook](#).

### M6015 Master of Critical Care Paramedicine

**Semester one intake. Part-time only** (Full-time study is not available for this course)

#### Coursework pathway

|                      |                                                                                  |                                                                                          |
|----------------------|----------------------------------------------------------------------------------|------------------------------------------------------------------------------------------|
| Year 1<br>Semester 1 | PAR5401<br>Foundations of advanced paramedic practice (12CP)                     |                                                                                          |
| Year 1<br>Semester 2 | PAR5430<br>Critical care management of respiratory and airway emergencies (12CP) |                                                                                          |
| Year 2<br>Semester 1 | PAR5440<br>Critical care management of trauma (6CP)                              | PAR5480<br>Critical care management of medical emergencies (6CP)                         |
| Year 2<br>Semester 2 | PAR5420<br>Critical care management of cardiac emergencies (6CP)                 | PAR5450<br>Advanced care paramedic management of paediatric and obstetric patients (6CP) |
| Year 3<br>Semester 1 | Elective unit* (6cp)                                                             | Elective unit* (6cp)                                                                     |
| Year 3<br>Semester 2 | PAR5104<br>Prehospital Quality Improvement and Clinical Leadership (12CP)        |                                                                                          |

\*Elective units can be chosen from any Monash Postgraduate coursework units that are relevant to this course, and in consultation with the Course Director.

### M6015 Master of Critical Care Paramedicine

**Semester one intake. Part-time only** (Full-time study is not available for this course)

#### Research pathway

|                      |                                                                                  |                                                                                          |
