

Course progression map for 2027 commencing students

This progression map provides advice on the suitable sequencing of units and guidance on how to plan unit enrolment for each semester of study. It does not substitute for the list of required units as described in the course 'Requirements' section of the [Handbook](#).

M6021 Master of Public Health

It is recommended that students complete units in Part A (Foundation studies) before enrolling in Part B units (Advanced studies). Please consult the Course Director for advice should you wish to enrol outside this sequence.

Students choose **one** of the following units per teaching period.

	Year 1	Year 2
Teaching Period 1	MPH5306 Foundations of health promotion	LEO5301 Decision making for managers
Teaching Period 2	MPH5305 Epidemiology: concepts and applications	MPH5304 Leading and managing public health and healthcare
Teaching Period 3	MPH5320 Research methods in healthcare	MPH5303 Epidemiology of infectious diseases
Teaching Period 4	MPH5314 Epidemiology of chronic disease	MPH5310 Introduction to environmental and planetary health
Teaching Period 5	MPH5302 Biostatistics: concepts and applications	MPH5301 Health systems and policy
Teaching Period 6	MPH5313 Foundations of public health	MPH5309 Work and health

Part A	Foundation studies
Part B	Advanced studies
